

Play as JBear

Description

By choosing to play as Jbear, kids get a different perspective of engaging with our interactive stories. Like Ava, Jbear has his own extraordinary power boosters for their adventures. As with Ava's power boosters, Jbear's tokens will also gain more power. Below is a general overview of his power boosters.

- **Magical Mega/Speaker Phone:** Jbear's mega/speaker phone allows him to communicate with any creature in any fairy tale or story.
- **Magical Map:** Jbear's magical map allows him to access any map image over any terrain for safer and faster travel experiences. This tool is more like a Marauder's Map, where the images appear only to those who are worthy.
